

VALVE ACCESSORIES & CONTROLS

The V200

A significant evolutionary step in today's positioner design and manufacturing.

Internal I/p with simple loop test points

Optional Internal 4/20 mA Feedback

Optional Dome Indicator - Black/Yellow, Red/Green

Flexible mounting for rotary or linear applications

External zero and span adjustment without removing the positioner cover

The Valve Accessories & Controls' product engineers, with over a century of positioner expertise, have designed a positioner with maximum flexibility and versatility. This best-in-class analog positioner boasts extreme reliability and accuracy and in-line maintenance.

The V200 is offered at a competitive price with 24 hour delivery. The V200 is also available in EX, IS, Gas approved, special coatings, as well as high and low temp options.
